Network Change Summary:

The copper facilities, serving specific addresses in the Unity, Maine wire center, are being retired due to a project to upgrade facilities in the area. The addresses included in this notice are in the counties of Waldo, Kennebec and Penobscot. All the addresses are served by the Unity, Maine wire center.

Planned Network Change(s) will occur at the following areas in Maine:

See Exhibit A attached hereto.

Exhibit A to the copper retirement notification provides information about the specific addresses at which the copper network facilities will be retired.

Description of the planned network change(s): UniTel intends to retire a number of copper facilities in the Unity, Maine wire center serving locations listed in the attached Exhibit A and provide services over a fiber network infrastructure.

Description of reasonably foreseeable impact(s) of the planned change(s):

After retirement of the copper facilities, UniTel will:

- (1) no longer offer services over copper facilities; and
- (2) cease maintaining the copper facilities.

All services previously provisioned over copper facilities to affected customers will continue over fiber facilities.

There are no interconnected telephone exchange providers affected by the retirement of the copper at the addresses listed in Exhibit A.

There are approximately 1,350 customers in the addresses affected by this copper retirement. UniTel is actively working to move these customers to fiber facilities.

Description of any changes in prices, terms or conditions that will accompany the planned change(s): The retirement of copper facilities will not result in changes to rates, terms and conditions in cases where the affected service is converted to a like-for-like service. UniTel, separately from this notice, will provide customers with further information regarding the service upgrade.

Location of Change:

CLLI: UNTYMEXA
City & State: Communities of Waldo County, Kennebec County & Penobscot County.
All the addresses are served by the Unity, Maine wire center.
